## ROBERT O'HOWELL FUNERAL SUNDAY

BODY ARRIVES IN BARNARD THIS MORNING

## COMRADES WILL ATTEND

**Members of Seth Ray David Post V. F. W. Will Pay Military Tribute At Grave.**

The body of Robert O'Howell, the second of the Nodaway County boys who died in France to be returned home for burial, arrived in Barnard this morning. Military funeral ceremonies will be held next Sunday afternoon.

The services will be at the O'Howell home, three miles east of Barnard. The Seth Ray David Post of the Veterans of Foreign Wars here will furnish a military escort from the home to the Masonic Cemetery at Barnard, and will have charge of the military ceremonies at the grave. The Woodmen Lodge of Guilford will assist.

The Rev. A. S. Olsen of Jamesport, a former pastor of the Methodist Church at Barnard, will preach the funeral sermon. There will be music by a quartet at the home, and a trio will sing at the grave. The service at the home will begin at 2 o'clock.

All members of the Seth Ray David Post of the V. F. W., both in Maryville and in the county, are asked to meet at the Post rooms here in uniform at noon Sunday. They will leave in automobiles for Barnard at 12:30 o'clock The Krag army rifles recently furnished the post by the government will be used by the firing squad at the grave.

Robert O'Howell was the son of Mrs. Jennie O'Howell. He enlisted at Yankton, North Dakota, May 12, 1917 and went overseas January 12, 1918. He was a member of the Tank Corps, seeing service in both the Chateau Thierry and Argonne offensives. He died in a hospital from pneumonia, October 6, 1918, at the age of 22.

He had two brothers, Loris O'Howell of Little Rock, Ark., and Lloyd, who is at home. A sister, Miss Opal O'Howell, is also at home.

## ANNOUNCES EVENTS OF COMMENCEMENT

FORMER GOVERNOR HARDING OF IOWA TO GIVE CLASS ADDRESS

## THREE ONE-ACT PLAYS

**Graduates Will Have Class Day Exercises Monday Morning and Play That Night.**

Former Governor W. L. Harding of Sioux City, Iowa, will deliver the principal address at the annual commencement of the State Teachers College next month, President Ira Richardson announced today.

The date of the annual commencement is June 5-7 inclusive. The exercises start with the annual sermon which will be given Sunday afternoon June 5, in the College Auditorium, by the Rev. R. E. Snodgrass of the First Christian Church. The class program Monday morning, June 6, will consist of tree planting, a tree oration, presentation of the class gift and other interesting exercises. The annual class play will be given Monday evening and will consist of three short, distinctive plays.

The annual commencement exercises will be held at 10 o'clock Tuesday morning and will include the annual address and the award of certificates and diplomas and the conferring of degrees.

Special music is being arranged for these events as usual. All the exercises will be in the College Auditorium or on the College Campus. The spring quarter closes Wednesday, May 25. The summer session opens Monday, May 30, and closes August 5.

The three one-act plays which will be given by the graduating class Monday night are by American dramatists. They are "The Merry, Merry Cuckoo," by Jeannette Marks, "Where but in America," by Oscar Wolff, and "The Maker of Dreams," by Oliphant Down. All are royalty plays and present a variety of theme and treatment.

The cast for "The Merry, Merry Cuckoo," is as follows:

Annie Dalben, Miss Alma Lucas.

David (her husband), Miss Ladonia Murphy.

Pastor Morris, Ferd Masters.

Lowry Pritchard, Miss Wave Hulet.

Guto Pritchard, Miss Nell Hudson.

"Where but in America" needs but three actors. They are:

Mrs. Espenhayne, Miss Minnie James.

Mr. Espenhayne, Charles Wells.

Hilda (their maid), Miss Matie Evans.

Miss Mary Wooldridge, as Pierrette, Miss Faye Townsend as Pierrot, and Miss Bernice Rutledge as the Manufacturer, compose the cast of "The Maker of Dreams."

Rehearsals are being conducted under the direction of Miss Blanche Dow. The class in dramatics of the College is designing appropriate stage settings for the three plays.

## IRISH SKIES ARE LURID WITH BRITISH REPRISALS

**Police and Soldiers Make Wholesale Raids After A Bloody Week End.**

Dublin, May 17.—Marines who were landed from British destroyers repulsed an attack against the Kingstown wireless station and naval wharf by Sinn Feiners today.

The skies last night were lurid for miles around Cork with the glare from burning farmhouses, set on fire in reprisal for the assassination of District Inspector Blake of the Royal Irish constabulary, Mrs. Blake, Captain Cornwallis and Lieutenant McCreavey, who were shot from ambush in the week-end outbreaks, as they motored into Port Galway. Occupants were notified to clear out and take their small possessions with them. Then came the torch.

## RECREATION LAWS FOR STATE SCHOOLS

EDUCATIONAL BILLS ENFORCE PHYSICAL TRAINING

## HYGIENE ALSO STRESSED

**Instruction of Teachers for Playground Work and Nurse Service Is Included in Bill.**

It is not generally known that physical education is required now in all of the schools in Missouri that a teacher cannot be employed by any school board unless a certificate of good health can be presented, and that it will be unlawful to sell books on physiology for use in the public schools that do not contain a chapter on dental hygiene, but these are a few of the important provisions found in two of the educational bills recently passed by the Legislature of Missouri. They have thus far received little recognition.

Formerly physical instruction was left to the option of cities and districts, and as a result many of the public schools have had no physical instruction whatsoever. The physical education bill provides for such physical instruction, and attempts to promote habits in the school conductive to health. Periodical physical tests or examinations are to be made, the results to be recorded and the findings reported. From this data it is hoped to promote correction of physical defects. The provisions extend to "all public schools and educational institutions supported by the state." The bill further provides for the training of teachers in "hygiene and sanitation, playground activities health supervision, and nurse service." It also seeks to control "competitive school athletics" in all the institutions of the state and public schools.

The bill is divided into six sections. Section I "authorizes and directs" the state superintendent of public schools to appoint a state director of physical education, who is to supervise the administration of the regulations which the state superintendent is to adopt. The state superintendent is to adopt "rules and regulations" in order to bring into the schools courses in physical education. Also he is to "compile and print a manual of physical education for the use of teachers and supervisors of physical education." This program is to be carried out "with the advice and co-operation of executive officers of the State Board of Health as provided for in section 6 of this bill." However no appropriation was made by the legislature for this purpose and it is doubtful whether a state director will be appointed.

Section 2 directs all teacher-training institutions to "provide courses in physical education." It also names the force as consisting of the state director of physical education, and seven deputy directors who are to be: the directors of physical education in the five state teachers colleges; the directors of education in the University of Missouri; and the director of physical education in Lincoln Institute. Besides having control over physical education in the school of the state, they are also to control competitive athletics throughout the state. Extension work from the five state teachers colleges is suggested in this section of the bill, for the education of teachers in the near-by districts of those schools,, so that

## LEGION POST HERE TO HONOR COMRADE

WILL HAVE CHARGE OF MILITARY HONORS FOR ARMSTRONG

## FUNERAL AT GUILFORD

**Services Will Be held at M. E. Church South And At The Cemetery**

Members of James Edward Gray Post of the American Legion will have charge of the military ceremonies at the funeral tomorrow afternoon of John W. Armstrong, a comrade who was killed in action in France. The body will arrive in Guilford this afternoon, and the funeral will be held there.

Word that the body would arrive today was not sent to the Post here until this afternoon. There will be a meeting at the Post rooms at 7:30 o'clock this evening, when arrangements for the funeral will be perfected. All men are requested to be present in uniform at 12:30 o'clock tomorrow afternoon when the party will leave the Post rooms in automobiles.

The funeral will be held at 2 o'clock at the Methodist Episcopal Church South at Guilford, with the sermon by the Rev. E. C. Baird of St. Joseph. The detachment from the American Legion post here and soldiers in uniform from the vicinity of Guilford will form an escort from the church to the cemetery, where they will have charge of the military ceremonies. A firing squad will fire a salute over the grave and buglers will sound Taps.

John W. Armstrong was a brother of J. A. Armstrong of Guilford.

## JURY IN DALTON CASE FAILS TO REACH DECISION

**Boy Who Stole $772,000 in Bonds Said He Was Obsessed By Thoughts Of the Bonds.**

Chicago, May 17,—The jury in the trial of William Dalton, sixteen year-old clerk in the Northern Trust Company, from which he confessed having stolen $772,000 in bonds, has disagreed and been discharged. Another jury is now in process of formation. It is not known how the vote stood, but it is believed the fight was nearly even in behalf of freedom for the boy. The jury was out one day and one night.

The boy, Dalton, in his defense, said that thoughts of bonds so obsessed his mind that he could not sleep or work, and that he finally, as a result of this obsession, lost all his sense of right and wrong.

The boy was captured a few days after the robbery by two citizens in Aurora, Illinois. The bonds were found in a grip which he had left unguarded and unlocked on the floor of a poolroom in Auburn.

The theft was the largest bond robbery in the history of Chicago.

## CONVICT ESCAPES PRISON; KILLS SELF WHEN CAUGHT

**Theatens Warden With Smuggled Revolver and Leaves in Physicians Automobile.**

Rawlings, Wyo., May 17.—Albert Biscardo, 37, a notorious convict with long prison record, is dead today with self inflicted bullet wound through his heart following his sensational escape from the Wyoming state penitentiary here.

The convict succeeded in getting outside the prison walls by making hostages of the prison physician and the county clerk, both of whom he threatened to kill unless his orders were obeyed. The desperado who was confined in the prison infirmary, was armed with a revolver, said by officials to have been smuggled in to him by his wife who has been arrested.

When the officials entered the infirmary yesterday, the convict covered them with a revolver and compelled the physician to exchange clothes with him. Then he summoned the warden and informed him to withdraw guards from the prison walls. The desperado left in the physician's car. Later when cornered by the warden and a squad of deputies the convict shot himself.

**Marriage License Issued.**

A marriage license was issued today to Wil lClayton and Henrietta Davis of St. Joseph, both colored.

## WOMAN IS SUSPECTED OF BRUTAL KILLING OF BOY

**Body of 6-Year-Old Child Bore Marks of Beating and Choking.**

Detroit, May 17.—Mrs. Evelyn Lewen was held today as the slayer of Max Ernest, six-year-old boy, who was kidnapped last Wednesday and whose body was found on the outskirts of the city last night. The boy's body bore bruises which indicated he had been beaten and choked to death. The boy's mouth had been stuffed with grass and mud. The woman was arrested Saturday as the alleged abductor of the boy. It is alleged she had threatened the boy's life after his father had refused to lift the chattel mortgage he held on Mrs. Lewen's furniture.

## PLAN CENTENNIAL OBSERVANCE HERE

ALL ORGANIZATIONS WILL JOIN IN CELEBRATION.

## SOLDIERS TO FIX DATE

**Will Be Combined With Homecoming Day of Ex-Service Men—To Mark Historic Spots.**

The Chamber of Commerce last night endorsed the movement to celebrate the one hundredth anniversary of Missouri's admission as a state some time this fall probably combining the celebration with the proposed big soldier's homecoming. If it is found possible to combine the two celebrations, the date will be left to the soldiers.

A general committee has been appointed to confer with all the patriotic organizations and with any other clubs that will take part in the celebration. The following organizations will be asked to cooperate in the plans for the celebration: the American Legion, Veterans of Foreign Wars and the Women's Auxiliary, Women's Relief Corps, Daughters of the American Revolution, Daughters of 1812, P. E. O., M. I. Circle, Twentieth Century Club, Zero Club, Elks Club and other fraternal organizations.

The State Teachers College is planning an observance of the Centennial, and President Ira Richardson has announced that the College will gladly cooperate with other organizations.

The date set for the Centenial celebration over the state is August 10, but since the Chamber of Commerce had already pledged itself to a homecoming Day for the soldiers of the county it is left to the soldiers to fix the date of the combined celebration.

Preliminary plans include the placing of markers at one or more of the historic spots in Maryville. A large boulder on a cement base with insertion on a bronze tablet, will be used in other parts of the state. Places which are suggested to be marked here are the site of the first courthouse in Nodaway County, which was at the corner of Second and Main streets, where Price and McNeal's store now stands, and the site of Maryville's first house, which is said to have been built where the Maryville Free Public Library now is.

## MISS DOW TO READ PLAY AT C. OF C. BANQUET

**"The Woman" by William DeWille To Be Repeated In Maryville Monday Night of Next Week.**

Miss Blanche Dow of the State Teachers College will read William DeWille's play, "The Woman" at the Chamber of Commerce banquet to be held next Monday night at the Bainum Hotel. Women will be invited to attend this weekly luncheon of the Chamber of Commerce.

Miss Dow read "The Woman" before an audience of one hundred and twenty-five women on May 10, at the Elk's club, who were delighted with the entertainment. Only a limited number of reservations can be made for the banquet Monday night.

**A EIGHTH GRADE GIVES PATRIOTIC ASSEMBLY TODAY.**

The last grade assembly for this school year was held this afternoon in the Maryville high school auditorium. The pupils of the A Eighth grade taught by Miss Mary Ford gave a varied program of a patriotic nature. All children of the A Eighth grade took part. A number of the parents were visitors at the assembly.

Mr. and Mrs. C. G. McMillan of Pickering were Maryville visitors today.

## VETERANS PUT IN DIRTY HOSPITALS, WALSH SAYS

**Invalids of the World War Cared For In Way Noe Even Criminals Live' He Says**

Washington, May 17.—Senator David I. Walsh of Massachusetts, has indicted the Federal Government's failure to provide adequate hospitals for ex-service men. Before the Senate the representative in the Upper House from Massachusetts charged that invalid veterans of the World War "are housed in socalled hospitals under conditions in which a self-respecting community would not tolerate its incapacitated criminals to live."

The Massachusetts Senator also delivered himself of vitriolic comments upon the systems of insurance, compensation and vocational training provided for ex-service men by the Government.

Senator Atlee Pomerene, of Ohio, demanded an immediate investigation by Congress, and called for the courtmartial of officers responsible for the conditions described by Senator Walsh.

### JOSEPH FARNAN'S BODY WILL ARRIVE FROM FRANCE MAY 21.

The body of Joseph C. Farnan will arrive at New York City, about May 21, according to the latest message received by his brothers, who telegraphed back to send the body to Conception upon its arrival.

Farnan died in France while in the service. He was a member of Company M, 351st Infantry. He was the son of Judge and Mrs. Mathew Farnan, deceased. A military memorial service will be held at the Abbey Church and interment made in St. Columbia Cemetery.

### Did God Make Boys and Girls Equally Pure and Good?

Is it not true that the baby boy is born as pure and clean morally as the baby girl?

If so, why is it not just as despisable and criminal to allow the boy to be polluted with tobacco and his physical, mental and moral development stunted as it would be for the girl?

Who or what is to blame for the fact that our boys and men use a ton of tobacco while our girls and women use a pound; our boys and men swear a hundred times while our girls swear once; and twenty of our boys and men go to jail where one girl or woman does?—Graham Tribune.

### Essays Win Fountain Pens.

Miss Iva Lape won first prize in the Shaeffer fountain pen contest in which students in Miss Beatrix Winn's beginning and advanced composition classes wrote short essays on the merits of the pen. Miss Lape who is a member of the advanced class will receive a $10 fountain pen as her prize.

Miss Josephine Grimes, also a member of the advanced class had the second best paper and will receive an $8 pen. Miss Maude Fleming of the same class was third and will also receive an $8 pen. Miss Winn picked the three best papers, which have been sent in to the company and will be used in the company's advertising.

## DR. WOODSON HERE TODAY ATTACKS MEDICAL BILL

**Discussed the Referendum on Bill Passed by Last Legislature and to Secure Signers.**

Dr. C. R. Woodson of St. Joseph was the speaker at a meeting held at the courthouse this afternoon to discuss the referendum or Senate Bill No. 433, passed by the last legislature, and to get signers to the petition. The meeting was not largely attended.

Dr. Woodson said the legislation was an attempt to sweep away bars erected through years of study and research against the unworthy and those not qualified by previous education to enter the profession of medicine. He stated Missouri by having such a law would be a dumping ground for unqualified doctors.

The bill amends the law requiring that applicants to practice medicine shall be graduates of reputable schools of medicine by omitting the word "reputable" and substituting "some medical college." The bill also further amends the law as to permit an aggrieved applicant to appeal from the decision of the state board of medicine examiners to the circuit court which may render judgement in favor of granting a certificate.

Dr. Woodson said it was not political matter but that doctors of both the Republican and Democratic parties were working together to invoke the referendum.

### CATTLE AND HOGS LOWER SHEEP ACTIVE HIGHER.

Cattle prices today were 10 to 15 cents lower than the extreme high point late last week, and about 25 cents higher than a week ago. Demand from killer was fairly active. Hogs prices were 10 to 15 cents lower, top $8.35 and bulk of sales $7.90 to $8.30. All classes of lambs were 25 cents higher, and the highest of the year. Sheep were strong to 25 cents higher.

**Today's Receipts.**

Receipts today were 13,000 cattle, 17,000 hogs, and 10,000 sheep, compared with 12,000 cattle, 12,500 hogs, and 16,000 sheep a week ago, and 11,100 cattle, 11,000 hogs, and 12,450 sheep a year ago.

**Beef Cattle.**

Trade in fat cattle opened slowly with buyers holding back for lower prices, as soon as a 10 to 15 cent decline was established, trade became active and a fairly good clearance was effected. Demand was about the same in all weights, though choice to prime tidy weight yearlings continued to bring a premium over other classes. Cows and heifers were steady to 15 cents lower, and veal calves weak to 50 cents lower. The general demand in the market now in much broader than a few weeks ago.

**Stockers and Feeders.**

Trade in stockers and feeders was active at steady prices. Receipts were moderate. There was a fairly good inquiry for stock cows and heifers.

**Hogs.**

Hog prices declined 10 to 15 cents, and at the lower level there was active demand. Fairly liberal receipts and lower prices at more eastern markets caused the decline here. The top price was $8.35, and bulk of sales $7.85 to $8.30. Pigs were strong to 25 cents higher, top $8.75. On the basis of present demand from packers prices are expected to hold to about levels for some time to come.

**Sheep and Lambs.**

With prices strong to 25 cents higher sheep and lambs sold at the highest levels of the year. Spring lambs sold upto $12.50, wooled lambs up to $11.70, and slipped Texas wethers $7.25. Some goats brought $4.00. Trade was active with a close clearance.

**Horses and Mules.**

Prices for horses and mules were steady compared with a week ago. Receipts continued moderate.

### SEED LOANS MADE TO 10,000 DROUGHT-STRICKEN FARMERS

Before the work of making seed grain loans will be completed approximately 10,000 farmers in the drought stricken areas of the Northwest will have borrowed sufficient money from the Government to purchase seed for this year's crop, according to officials of the United States Department of Agriculture who are charged with making the loans. Without these loans it is said that these farmers would be unable to buy seed. It is apparent that more than three-fourths of the $2,000,000 appropriation made by Congress to assist farmers in the drought-stricken areas to purchase seed will be disbursed not later than the middle of May, when it is expected the work will be completed.

There was such a demand for loans the maximum of which was $200, that it was necessary to limit them to farmers who harvested a yield of less than 5 bushels per acre last year. It was necessary to also refuse a large number of applications from farmers who harvested more than this yield but who were in financial distress because their entire proceeds from crops grown last year were used in paying off debts.

Hippocrates, who lived about the fifteenth century B. C., in answer to the question why he was always happy said these words: "Love of my fellows and love of my job."

## COLLEGE WILL SEND TENNIS STARS WITH TRACK TEAM

**Mapel and Steiger Will Be Boys' Team—Running Mate for Miss Wave Hulet Not Chosen.**

The State Teachers' College will send a track team and two tennis teams to the M. I. A. A. meeting which is to be held at Kirksville Friday and Saturday of this week. The tennis tournament is Friday and the track and field meet is Saturday. From all indication the Green and White representatives should make a good showing and bring home laurels for the school.

The track squad has been practicing and training streanously this week and Coach Rice is confident that they will win points. The men to make the trip are, Williams, Runyan, Steiger, Kirby, Mapel, Adkinson, and Ferguson.

The entries from the college in tennis will be in both boys' and girls' doubles. The team of boys is composed of William Mapel and Eldon Steiger while that of the girls is Wave Hulet and a team mate yet to be chosen.

The list of the entries in the track meet is as follows:

100 yard Dash—Williams, Steiger, Runyan.

220 yard Dash—Runyan, Williams, Kirby, Steiger.

440 yard Dash—Steiger, Runyan, Kirby, Williams.

880 yard Run—Ferguson, Rowlett.

Mile Run—Ferguson.

120 yard Hurdles— Mapel, Adkisson.

220 yard Hurdles—Williams, Runyan, Steiger.

Discus—Adkisson.

High Jump—Mapel, Adkisson.

Broad Jump—Steiger, Runyan, Kirby Williams.

Relay (Half Mile)—Steiger, Runyan, Kirby, Williams, Adkisson.

### Visit at Red Oak.

Mr. and Mrs. John Shonley and sons, Paul, Francis and Anslem, Mr. and Mrs. Fred Jamison, Mrs. Andrew Zech and Miss Katherine Shonley all of Maryville motored to Red Oak, Iowa Sunday morning and visited at that place until last evening at the home of Mr. and Mrs. Will Shonley.

### Hens Laid 307 Dozen Eggs.

While other egg records are going the rounds, Mrs. G. W. Baker is satisfied with her flock of 90 Buff Orpington hens. In the four months from January 15 to May 15, they laid 307 dozen eggs, the sale of which realized about $90.

**I'd walk a mile for a Camel**

The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend.

The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette.

Don't let anyone tell you that any other cigarette at any price is so good as Camels.

Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.

# *Here Are Mental Teasers Which Edison's Applicants Must Answer*

New York, May 13.—If you are a college man or woman, and you can't answer Thomas A. Edison's mental teasers then you are "amazingly ignorant."

Mr. Edison's list was revealed to day . Recently Mr. Edison said he found college products a sorry lot.

**Cornell Man Is Alert.**

A Corneli honor man saw an ad in a Sunday newspaper six weeks ago. It read something like this:

"Six young college men wanted for manufacturing development work. Need not have technical education. Pay $130 a month to start. Apply Edison, West Orange, N. J."

The Cornell man applied at the plant. Five other young men appeared at the same time. They were received by Mr. Meadowcraft and Mr. Stevenson, well known Edison lieutenants, and turned loose on seventy-eight questions.

**And Here Is The List.**

All failed. The Cornell man could answer just half. He has forgotten the text of one question. From him the others were obtained today. They are:

1—Who discovered how to vulcanize rubber?
2—Who invented printing?
3—Who invented the modern paper making machine?
4—Who invented the cotton gin?
5—Who was the most famous maker of violins?
6—Who wrote "Don Quixote?"

74—What is zinc?
75—What is the name of the acid in vinegar?
76—Where are condors found?
77—What fabric is used in auto tires?

**Why Not Plant Some Gourds?**

Although they seldom get onto the front pages of agricultural dopesheets, the gourd is a good sort of novelty to raise about the residence and home garden. "Assorted gourd seeds" are (as a rule) best to buy except when planted for special decorative or utility purposes, since the "assorted" package provides a thrill of expectation and the possible surprise as to what you will finally produce—as the range is apt to be all the way from "dippers" to "soapgourds." The gourd is exceedingly delicate and hard to get started, but when it gets well started it spreads like a house afire. Do not plant gourd seed early, except in house o rhot-bed.

**Prevents Tractor Wheels Clogging.**

The lugs on a new tractor wheel work in and out like spades from an eccentric on the axles and clean themselves, preventing the wheel clogging in the stickiest soil.

The sacred tree at Anuradhapura in Northwestern Ceylon, is said to be the oldest historically authenticated tree in the world.

## MISS BELLE SKINNER

Miss Belle Skinner of New York photographed as she sailed for France to supervise the reconstruction of the ruined French town of Hatton chapel. The work, she says, will take about two years. Miss Skinner was recently made a member of the French Legion of Honor for her war relief work.

**To Make It Even.**

In a front-line trench, not many yards from the German lines, a dusky doughboy with a mighty grievance and two African fieldpieces was just starting to reach a distant point in the shortest length of time when hauled back by his sergeant.

"You aims to suicide boy?" inquired the latter. "Whah you all gwine wid dem shavin' regalia?"

"Leave me be sergeant," retorted the doughboy. "Ah's gwine back to find dat big Gummun what hit me in de haid wid a iron potato and Ah's gwine to cut him down to mah size—den bus' him in de mouf—dat's all."—American Legion Weekly.

**Distant Acquaintance.**

"Handle that horse! Don't let him handle you!" bellowed the sergeant to the cavalry rookie just receiving his first lesson. "Give him your spurs. Gouge him!"

"I can't get close enough to him!" screamed back the recruit hysterically.

## HEALTH HINTS

**Sleep Requirements of Children.**

No child nutrition worker, says the U. S. Public Health Service, can hope to get satisfactory results without insisting on enough sleep for her charges. Besides damaging the nervous system, late hours cause "sleep hunger" and make children nervous and fidgety. The Service commends the following precepts just issued by the London County Council: School children aged four years need twelve hours sleep a day; aged five to seven, 11 to 12 hours; eight to eleven, 10 to 11 hours; and twelve to fourteen, 9 to 10 hours. Children grow mainly while sleeping or resting, do you want yours to grow up stunted? Tired children learn badly and often drift to the bottom of the class, do you want yours to grow up stupid? When children go to bed late their sleep is often disturbed by dreams and they do not get complete rest, do you want yours to sleep badly and become nervous? Sufficient sleep draws a child onward and upward in school and in home life. Insufficient sleep drags it backward and downward, which way do you want your child to go? Tiresome children are often only tired children, test the truth of this. That a neighbor's child is sent to bed late is not a good reason for sending your child to bed late; two wrongs do not make a right. Going to bed late is a bad habit, which may be difficult to cure; persevere till you succeed in curing it.

**The Patient Ox.**

According to a bulletin just issued by the U. S. Public Health Service, a French investigator has discovered that the malaria mosquito prefers cattle to human beings and will feed on them whenever she can, thus materially reducing the human malaria rate in several parts of France. He suggests fitting up stables as gigantic mosquito traps with cattle for bait. Here's a chance for the anti-vivisectionists and anti-vaccinationists to start a movement under the slogan, "Spare the ox; let the mosquito bite your own child."

**Nurses Training Schools in Government Hospitals.**

Owing to the great demand for nurses throughout the country and especially in Government hospitals, the U. S. Public Health Service has decided to open training schools in such of its hospitals as may be fitted for the work. As a beginning schools will be opened in the hospital at Fox Hills, Staten Island, New York, because of its nearness to New York City, and at Fort McHenry, near Baltimore, because the physical conditions and the personnel are all unusually well adapted to the work. Schools will be opened in other hospitals as conditions permit.

**Decayed Teeth and Children's Diseases.**

That decayed teeth are very strong predisposing causes to the "catching" of measules, scarlet fever, pneumonia, mumps, and other childdish diseases is strongly urged by the U. S. Public Health Service, which cites very considerable reductions in those diseases in cities where dental clinics have been established in the schools. At Bridgeport, Conn., for instance, diptheria has been lessened 8 per cent. At an orphanage in Boston these diseases, which had annually afflicted about one-third of the 325 inmates, practically disappeared after eight months dental work. The absorption of pus from rotting teeth had weakened the children and made them easy victims to disease germs; and the cleaning up of this increased their powers of resistance.

# We Add 50 Cents to Each Dollar Invested by An Employe

RECENTLY the Standard Oil Company (Indiana) announced a plan under which it is possible for its 25,000 employes to become partners in the business on a very attractive basis.

The publisher of a small newspaper, unacquainted with the motives which animate the seven men who direct the operation of the Standard Oil Company (Indiana), wrote an editorial in which he questioned the motives of this Company, and intimated that the plan was a scheme whereby the Company aimed to benefit by getting in this additional capital.

To set right this publisher, and any one else interested, the Company deems it advisable to direct attention to two outstanding features of this plan which are illuminating in this instance.

First, that to every dollar paid by the employe for the purchase of stock, the Company adds, as a gift, 50c.

Second, that participation in the plan is not obligatory, and that in no case is an employe permitted to pay in more than twenty percent of his earnings.

In formulating the employe partnership plan, the Board of Directors of the Standard Oil Company (Indiana) was inspired solely by the idea of benefiting those employes who wish, through systematic saving, to become partners in the business. It believes that the man who works and saves is climbing upward, but that the man who invests his savings wisely is climbing faster. It believes that the employe who has money invested in the business is freer of mind, more contented, and more productive than if this anchor to windward did not exist.

The idea of employe ownership of industry is in line with modern tendencies. The Standard Oil Company (Indiana) has always been a progressive organization. Its willingness to receive new ideas has put it in the lead in the petroleum industry.

The Standard Oil Company (Indiana) has developed an efficient, enthusiastic body of workers. Every employe, from the Chairman of the Board of Directors to the man who drives a tank wagon, is working steadfastly to serve the public to the best of his ability.

It is the recognition of this fact that prompted the Board of Directors to inaugurate the plan which enables the employe—whatever his position may be—to become a partner—a factor in the business.

Artist Recording an Edison Re-Creation

*The* NEW EDISON

Same Artist proving the Re-Creation by Direct Comparison

# Only the NEW EDISON sustains the Direct Comparison Test

*This means* that the New Edison is the only phonograph that gives you exactly what the artist or artists sing or play into the recording horn when making a Re-Creation.

*This means* that no other phonograph or talking machine can give the life-like realism you have a right to expect for your money—the absolute realism that Mr. Edison spent three millions of his dollars to develop.

*And finally,* this means that, if you are interested in buying a phonograph, your good judgment should bring you to this store to ask us to prove the above claims. We shall welcome your visit.

GET a copy of that newest Edison Booklet "What Edison Likes in Music." It's free for the asking. It tells you lots of things you want to know,—what Mr. Edison's 25 favorite tunes are,—what he thinks about selecting music for home use. It also names 6 selections he believes every one should own. Our supply of these booklets may not go around,—better act promptly to get your copy.

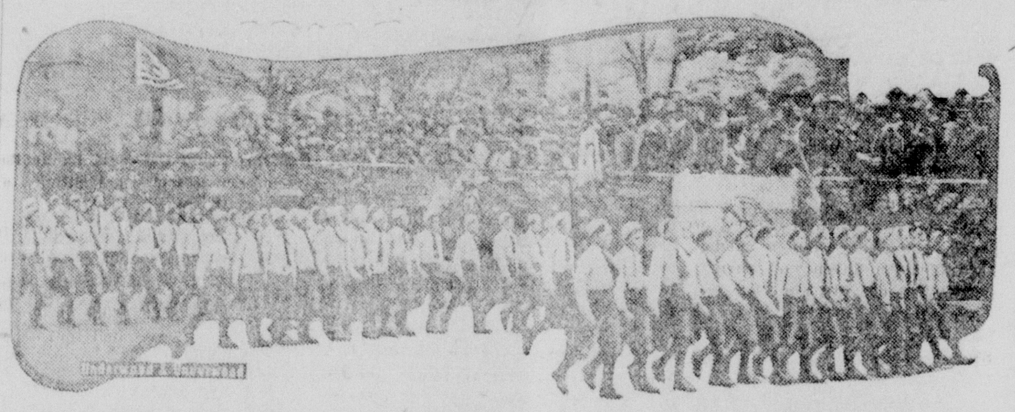
## SO WEAK SO NERVOUS

### How Miserable This Woman Was Until She Took Lydia E. Pinkham's Vegetable Compound

Toomsboro, Ga.—"I suffered terribly with backache and headache all the time, was so weak and nervous I didn't know what to do, and could not do my work. My trouble was deficient and irregular periods. I read in the papers what Lydia E. Pinkham's Vegetable Compound had done for others and decided to give it a trial. I got good results from its use so that I am now able to do my work. I recommend your Vegetable Compound to my friends who have troubles similar to mine and you may use these facts as a testimonial."—Mrs. C. F. PHILLIPS, Toomsboro, Ga.

Weak, nervous women make unhappy homes, their condition irritates both husband and children. It has been said that nine-tenths of the nervous prostration, nervous despondency, "the blues," irritability and backache arise from some displacement or derangement of a woman's system. Mrs. Phillips' letter clearly shows that no other remedy is so successful in overcoming this condition as Lydia E. Pinkham's Vegetable Compound.

## Loyalty Parade of the Boys of New York City

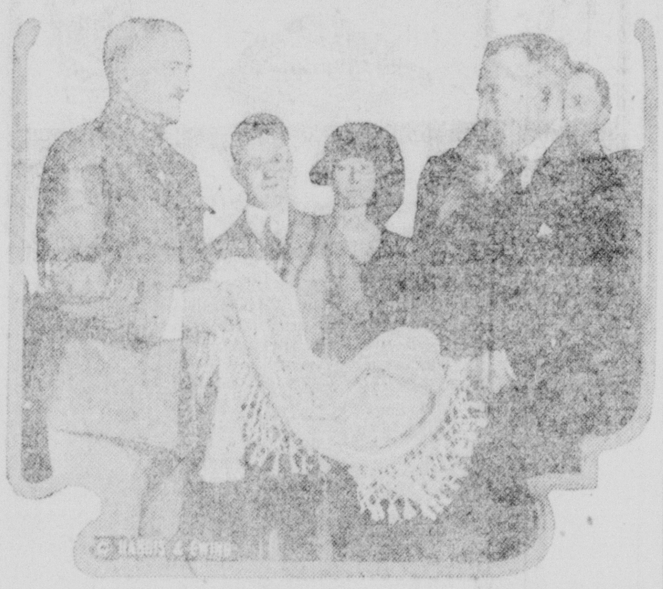


This is part of the "Loyalty Parade" with which Boys' week was inaugurated in New York city. The lads are passing the stand from which they were reviewed by Governor Miller, Mayor Hylan and other notables.

## Postal Employees Now Ready to Fight Bandits

Postal employees throughout the United States are being armed with army revolvers and shotguns to be used to combat mail bandits. This photograph shows a group of employees of the Washington post office, heavily armed, guarding a consignment of valuable mail which is being loaded on a train.

## Gift That Touched Gen. Pershing



Soldiers who lost their sight during the World war, and who are now living on an estate in Baltimore recently went to Washington to present General Pershing with a hand woven hammock which they had made for him in token of their love and esteem. General Pershing was deeply touched by the presentation.

## Hoboes in Convention in Chicago

The international conference of hoboes in Chicago was not largely attended because many of the delegates from other parts of the country were unable to elude the railroad guards. This is a scene during the convention. Inset is a portrait of James Eads Howe, the "millionaire hobo" of St. Louis, who was present.

## REQUESTS ARE RENEWED FOR FEDERAL INTERVENTION

**President Harding Refuses Appeals for Troops of Strife-Torn Mining District.**

Washington, May 17.—President Harding and his cabinet today decided not to send the federal troops into the troubled districts of West Virginia at this time.

Washington, May 17.—President Harding today has under consideration renewed and persistent appeals for federal troops for West Virginia coal fields where guerilla warfare has been in progress four days. The governors of the bordering states repeated their requests for aid and it is probable that the whole matter will be laid before the cabinet today.

Williamson, W. Va., May 17.—Renewal of fighting on the Tug river front on a big scale appears to be certain within a day or two. Indications point to May 19, the anniversary of the battle of Mattewan as the crucial day when this mountain warfare will be resumed.

Information filtering through the lines is to the effect that there is much activity going on behind the lines. A great army of union miners are massing in Mingo County with avowed purposes of opening a furious offensive against non-union workers in these counties.

**Fire Burns Stores of Coffee.**

South Bend, Ind., May 17.—Spontaneous combustion or a spark from a passing locomotive is believed today to have started fire which did $250,000 damage here. The fire started in the South Bend grain elevator where nearly 200,000 bushels of coffee were stored.

**Shoots Self After Operation**

**Lena Joy Marries.**

Word has been received here of the marriage of Miss Lena Joy, daughter of Mr. and Mrs. H. S. Joy of Greeley, Colo., formerly of Maryville to Mr. Burt Gardener of Otis, Colo., which took place at noon Saturday at Denver. The ceremony was performed by Rev. J. K. Hall of Denver, an old friend of the couple, at his home. Following the ceremony, Mrs. Hall served a luncheon. The ceremony was witnessed by Misses Lucy Scott, Norma, Scott, Elsie Tuck, Pearl Joy, sister of the bride. Mrs. Gardener's uncle and aunt, Mr. and Mrs. J. B. Joy of Denver, also attended the wedding. Sunday morning a May day breakfast was given at the home of Mr. and Mrs. J. B. Joy. Yellow was the dominating color used in the breakfast and spring flowers were used in decorating. The party then proceeded to the home of A. W. Joy, a cousin of the bride, where the last courses of the breakfast were served. After spending a short time in Denver, the couple went to Otis to make their home, where a new house is being built for the bride. Mrs. Gardner has been an employee of the Weld County Savings bank at Greeley for the past three years. Mr. Gardener is in the hardware business at Otis.

The Joy family left Maryville for Colorado about ten years ago. They also formerly lived at Elmo. The bride is a niece of Mr. and Mrs. M. L. Hopper of this city.

## HUSKY HIKERS HIT THE PIKE FOR 17 LONG MILES

**Girls At State Teachers College Make Last Hikes Last Night and This Morning**

The Husky Hikers at the State Teachers College hiked for the last time this morning. Yesterday noon when the mileage was added it was found that several girls lacked a few miles of enough to win an award and as the time was up this morning at nine o'clock an eleven mile hike was taken last night and a six mile one this morning.

Those who hiked yesterday afternoon were Mary Condon, Ellen Mitchell, Lucile Wright, Ruth Watson, Margaret Remus and Hazel Hall. They went five and a half miles west of town and came back for supper.

This morning Mary Condon, Ellen Mitchell, and Lucile Wright took a six mile hike. They went three miles west of town, ate breakfast, and returned in time for school.

The awards for hiking will be given at the assembly next Tuesday morning. Six girls will receive sweaters and a score of others will receive large and small emblems. The sweaters and awards did not arrive in time to be distributed this morning.

## W. E. DAVIS, 53 YEARS A RESIDENT OF COUNTY, DIES

**Lived on Farm Near Barnard 37 Years, in Maryville Last 16 Years.**

W. E. Davis died at 7:30 o'clock last night at his home on South Fillmore at the age of 76 years. His death was caused by a complication of diseases and he had been in failing health for the past two months. His condition became suddenly worse yesterday morning and after rallying during the day, he had a second sinking spell in the evening. Mr. Davis has lived at the residence on South Fillmore for the past sixteen years. Previous to that he lived on a farm south of Barnard for 37 years.

Funeral services will be held at 2:30 o'clock tomorrow afternoon at the First Baptist church in Bolekow. Burial will be in Neeley Grove cemetery. The body will lie in state from 4 until 6 o'clock tonight at the Davis home.

Mr. Davis is survived by his wife and two children, Miss Eva Davis at home and John W. Davis living near Barnard. He is also survived by a brother, Noah H. Davis of Liberty, Mo.

## GRAHAM H. S. GRADUATES FOUR TOMORROW NIGHT

## RECREATION LAWS

(Continued from page 1)

physical instruction may be carried on efficiently.

Section 3 provides that no teacher may teach in any school in Missouri if a certificate of good health from a reputable doctor cannot be presented The teacher must be "free from all contagious diseases."

Section 4 empowers the school boards to employ a supervisor of physical education who must be qualified by the state director, and to have regular physical examinations of all students, the reports of which are to be made to the state director. Recommendations for a remedy should be made to the parents. Section 5 empowers local boards to raise money for this purpose.

The other bill, providing instruction for the care of the teeth, is composed of two sections. Section 1 requires that all textbooks in physiology contain a chapter on dental hygiene, which is to be edited or approved by a competent committee of five, three of whom are to be "selected by the State Dental Society," one by the State Board of Health, and another by the state superintendent of schools. They are to receive no compensation. Section 2 makes it unlawful to sell any textbooks in physiology which do not contain chapters on dental hygiene.

## WAVE HULET AGAIN WINS GIRLS' TENNIS TOURNAMENT

**Ora May Condon Defeats Lucile Bonham For Runner-Up Position—to Kirksville Friday**

Miss Wave Hulet won undisputed title to the championship in girls tennis at the College yesterday afternoon by defeating Lucile Bonham in the finals of the second tournament. The sets were fast and snappy. Miss Bonham won the first set, and for a time it looked as though she would win the match, but Miss Hulet tightened and won on steady tennis. The score was 4-6, 6-4, 6-3.

In the match played at 7 o'clock this morning, Ora May Condon defeated Miss Bonham in two straight sets, 6-3, 6-2. Miss Condon was runner-up in the first tournament, and Miss Bonham won second honors in the one just finished. The two played to see who would be runner-up for the year, and which would get the sweater to be awarded in tennis.

This is the last tournament that will be played at the College this term and it was by far the most successful, according to Miss Mary MacLeod, physical director for women. Miss Hulet, the champion, and another girl yet to be chosen will represent the College in the M. I. A. A. tournament at Kirksville Friday.

Napoleon Boneparte died on May 5, 1821, about eleven and a half months before U. S. Grant was born, April 27, 1822.

THERE is a big difference between Calumet and all other Baking Powders.

*First*—You see it in the cost. Calumet is sold at a moderate price.

*Then*—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

*Next*—you notice it in raising quality — in the evenness — lightness and texture of your bakings. They look better — finer grained.

CALUMET BAKING POWDER

*Finally*—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all-satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit Recipe
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounding tablespoons of butter or lard, ½ cup of milk, ¾ cup of water. Then mix in the regular way.

# Women's Tid Bits

**More Paris Gossip In Women's Fashions**

Black satin quilted coats are already quite passe, their too great vogue having been the principal cause of their downfall.

Something decidedly interesting in the way of dinner gowns is the imported model of black mat Canton crepe trimmed with several vertical ruffles of narrow cream Valenciennes.

Very smart the summer taffeta cape made in two or three tiers, quite shorter in front than in the back and lined with a brightly-colored crepe de chine.

Flutings of the material trim many canton crepe frocks.

Some of the imported dresses boast widely flaring skirts—the fullness being placed almost altogether on the sides, while the back and front remain quite flat.

Wide sleeves are most often trimmed with solid rows of narrow silk fringe extending from the shoulder way down to the wrist. Braid occupies also quite a prominent place among the Spring trimmings.

The costumes consisting of a frock and matching cape are seen in every imported collection. Serge combined with taffeta or foulard seems the favorite combination.

Many girdles are tied at each side of the waist, thus giving a flaring line from the hip to the knee.

Huge rosettes of tulle are noticed on a great many evening gowns.

Several laces are often combined successfully in the making of a creation.

A charming novelty is the Canton crepe suit. Very chic is the one made of grey Canton, lined with jade green satin. This model shows decidedly the Chinese influence. The coat is embroidered in the back with silver thread. The wide sleeves are also trimmed in this beautiful embroidery, while the front of the coat remains perfectly plain. Typically Chinese.

Ratine is among the very popular sport materials.

A new skirt is much shorter at the sides than at the front or back.

**Household Hints.**

**Gas Saver.**

I have found this a good gas saver. When preparing boiled dinners I also prepare some pudding which is to be steamed and place in steamer above meat or what is to be boiled sufficiently long to steam pudding and therefore one burner serves for cooking the dinner and dessert.—Mrs. A. M. Bowyer.

**Seat For Old Chair.**

A very satisfactory new seat for an old chair may be made by tearing denim, brown or green, into two-inch strips and folding in the cut edges, making an inch strip. Weave these strips as any basket splints are woven, first placing all the strips in one direction, then weaving the others through alternately, keeping the smooth side up. Old braid could be used, but denim is much stronger.—Miss Jessie Hickman.

**Capitalizing On Shortness.**

Readymade petticoats are often much too long for small women and have to be shortened in some way. If you have this trouble, buy a silk or heatherbloom petticoats as long as can be found, cut off the top of it to the length desired and put a drawstring in the top of it. Then take the piece that you have cut off from the top of it, turn it upside down and hem the top, put in a draw string and put some kind of heavy ribbon of the same color for straps over the shoulders and you have a camisole to match your petticoat for the cost of the petticoat alone. Oftentimes those silk camisoles are very expensive. Of course the top of the camisole may be scalloped or trimmed as desired. —Mrs. Edna Lindser.

**"Furniture Polish."**

The best furniture polish that can be had is made by taking equal parts of turpentine, good cider vinegar and raw linseed oil and mixing well together.—Mrs. Carrie Hatfield.

**Castoff Woolen Underwear**

Castoff woolen underwear dyed a dark color can be made into sweaters, jerseys and petticoats for children. Buttonhole the edges with yarn as a hem would be. Practical and pretty garments for the little folks can thus be made.—Mrs. Phil Meagher.

**Good Receipt For Hard Soap.**

To one pound can of lye add one quart of cold water and a half cupful over. Be careful not to inhale the fumes. Stir till dissolved and let stand until perfectly cold. Warm five pounds of clear grease until soft enough to run—not hot, just melted; add a tablespoon of powdered borax and pour into the cold lye gradually stirring all the time. Add a cupful of ammonia, still stirring, as the more you stir the whiter the soap will become. Line a shallow box with paper and pour in the soap. As is begins to harden cut in cakes of convenient size. Leave to ripen, the longer the better.—A. E.

**A Stitch In Time.**

As the stockings of the boys' bloomers begin to wear thin on the knees, but before there is a hole, I put a patch on the under side, being careful the stitches don't show through, and the wear comes on the patch instead of the outside.— Mrs. G. W. Eckstein.

**Good, Cheap Dinner.**

The following is what I call our weekly cheap dinner and my family like it, too:

Pound a flank steak with a knife and work flour into it, salt well and brown a little on both sides. Cut up potatoes over the steak and add a little water and a dash of garlic. Cover the skillet tight and let simmer for an hour.—Irene James.

**Corset Covers From Old Waists.**

When my waists get worn in the sleeves or around the neck I cut them down and make a neat camisole or corset cover by hemming at the top. After it is cut to the proper size sew on a piece of narrow lace or crochet a few lines of some neat edging. I sometimes finish them with a line of French knots or a herringbone stitch. —Mrs. Rose Garrity.

**Protection From Cooking Odors.**

If the woman who does her own cooking will try wearing a bathing cap over her hair when frying doughnuts, pancakes, etc., she will find it protects from grease and odors and preserves the curl. They come in many colors and are quite as attractive as the ordinary dust cap.—Mrs. D. N. Lewis.

**Ink Stains.**

Dear Editor: this has been tried on the finest georgette waist with success:

Place the article in strong sunlight, covering the stain with lemon juice and rubbing common salt into the stain with lemon juice every once in a while until the stain has wholly or nearly disappeared, then wash in luke warm water and you will find the stain completely removed.—Mrs. Anna M. Trenchard.

**Blanche Alexander Ill.**

Miss Blanche Alexander, a former Maryville resident who is now making her home at Portland, Ore., has been quite ill with pneumonia. Her condition is now improved.

## SCHNITZ SEYMOURE SHOW MAKES HIT WITH AUDIENCE

**Good Singing Voices, A Splendid Quartet, Pretty Chorus, Costumes And Scenery.**

A girl show that's clean is the ideal which Schnitz Seymoure seems to have set for his Midnight Follies, which opened its tent season here last night. The company is above the average tent show in principals, chorus, singing voices, costuming and scenery.

The entire company has singing voices, and it carries a remarkable male quartet. This group of four young men were called back for repeated encores by the audience which packed the tent last night. They travel under the name of the Lyric Quartet.

The entire company have good singing voices, and the chorus is composed of young women above the average of the usual tent show in youth and good looks. They can sing and dance, and they work well together.

Schnitz Seymoure is himself the principal comedian and a good one. The show relies more upon his funny mannerisms to get laughs from the audience than upon suggestive jokes. In his Jewish character of the Baron Hassenpepper, he kept the audience in a continuous outburst last night. There was also a good female comedian.

Mr. Seymoure has provided his company with an elaborate wardrobe and pretty and tasteful scenery. The audience was perhaps a little skeptical at first, after the highly complimentary advance billing of the company, but it was agreeably surprised after the curtain went up.

**Farmers' Exchange Makes Money**

Having made more than 100 per cent profit on their total investment during the last twelve months, the members of the Lawrence County Farmers Exchange at their recent annual meeting converted their organization into a strictly cooperative institution paying patronage dividends as recommended by the Missouri College of Agriculture. In the last three months this exchange handled as much stock as in the preceding six months, and the general benefits as well as the cash profits have been much greater than any of the members originally expected, according to County Agent Leslie L. Hunt.

**Must Not Splash Pedestrians.**
